

# Countertop Rotisseries

SCR-6  
Six Spit Countertop

SCR-8  
Eight Spit Countertop

Shown at right:  
SCR-8 with eight angled spits.

*Countertop Rotisseries combine the popular taste of rotisserie style roasting with space-saving flexibility, high-performance and round-the-clock durability.*

## Description

Countertop electric rotisseries with programmable controls.

## Configuration

Single cabinet countertop unit with optional adjustable legs or locking casters.

- SCR-6 holds six spits.
- SCR-8 holds eight spits.

Countertop rotisseries may be stacked over their corresponding Henny Penny Rotisserie Display, SCD-6 and SCD-8. (See separate data sheets for Rotisserie Merchandising.)

## Main Features

- Digital electronic controls with international symbols and 9 programmable cook cycles.
- LED panel with separate, simultaneous time and temperature displays.
- Spit rotation switch for easy loading.
- Large, attractive tempered glass doors.
- Auto-stop rotation when doors open.
- THERMA-VEC® Even Heat Process combines infrared heating with gentle, cross-flow convection.

- Simple three-piece drive tube and rotor assembly.
- Drive assembly and drain pans are easily disassembled for quick clean-up.
- Easy-to-clean coated parts available separately.
